

How to Create Private Photo Album in Facebook

www.techwalla.com/articles/how-to-have-a-hidden-album-on-facebook

NOTE: We need to be Facebook "Friends" before you start. I am "Marcia Ramsland". Send me an Invite if we are not. I always want to be your Friend if you're a Client. 😊

1. Go to your Facebook profile and click the "Photos" tab.
2. CREATE A NEW ALBUM. Then MARK IT "PRIVATE."
3. Click the "Upload Photos" button near the upper-right corner of the page that opens.
4. Select the photos you wish to include in your album to upload.
5. Click the words "Friends" to choose your audience (Marcia Ramsland) near the bottom right next to the "Post" button,
6. Click "More Options" and then "Custom" in this list.
7. Type into the "Share With" box the names of those you want to view your album (Marcia Ramsland).
8. Click the "Save Changes" button. Click "POST" to finish creating your hidden album.
9. Tag the person's name (Marcia Ramsland) in the album or a photo in that album to make sure I am notified to check it out.

*** Make sure you notify me that you created a Private Album I am to access the day before we meet. Thanks!
